Friends are awesome
Friends are fun
Friends are great
They're number one.

Friends I hold close
Friends I love the most
Friends are always there
Friends always care.

Friends always have your back
They will never eat your snack
They will share their last meal
They care how you feel.

Friends are awesome
Friends are fun
Friends are great
They're number one.

Friends are for life
They stay in times of strife
Friends protect your heart
Even when you're apart.

They don't care how you look or smell
Yet the truth they always tell
Honesty is their gift
Even if it should cause a rift.

Friends are awesome
Friends are fun
Friends are great
They're number one.

If you're a bit silly and uncouth
Friends don't hide the truth
But they'll be there in your time of need
To help you thrive, help you succeed.

Friendship is a precious gem
Whatever you call them
A pal, mate, buddy, a friend
They'll be there to the end

Friends are awesome
Friends are fun
Friends are great
They're number one.

So be grateful for your friends
Smile at them and say thanks
Cause whatever they say and do
They'll always look out for you.

Friends don't lie
Friends don't make you cry
They are candles in the night
Lights burning bright

Friends are awesome
Friends are fun
Friends are great
They're number one.
