General information (continued)

Information on directors (continued)

joined as a Director in 2016. He is currently working for the Cliff Weeks

Department of the Chief Minister as a senior executive based in Alice Springs. A former member of the Western Australia Police Service, Cliff has over 15 years of experience in the public sector and was Director General of the Department of Aboriginal Affairs in Western

Australia from 2011 until 2016.

Principal activities

The principal activities of Australian Childhood Foundation during the financial year was to provide services which effectively reduced the incidence of child abuse and the harm it causes children, families and the community. It provided direct services to children who have suffered or were at risk of abuse and neglect and their families in the form of counselling, practical assistance, emotional support or material aid. It also conducted research, prevention and education programs aimed to raise public awareness about the problem of child abuse and family violence.

Objectives and Strategy

The Australian Childhood Foundation's objectives are to:

prevent child abuse in Australia

support children to recover from the trauma arising from experiences of abuse and neglect; and

build the confidence and capacity of parents.

The Foundation's strategy for achieving these objectives includes:

establishment of specialist therapeutic programs throughout Australia:

provision of parenting education activities:

· undertaking research into child abuse and child protection;

· delivery of training to health, welfare, education and legal professionals;

implementation of programs that build the capacity of organisations to protect children from harm and exploitation by volunteers and employees

The Foundation measures its performance through the number of children and families supported by its specialist programs, the amount of income funds raised and the number of projects delivered to the community

Australian Childhood Foundation

ACN: 057 044 514

Notes to the Financial Statements For the Year Ended 30 June 2022

The financial report covers Australian Childhood Foundation as an individual entity, incorporated and domiciled in Australia. Australian Childhood Foundation is a company limited by guarantee.

The principal activities of Australian Childhood Foundation during the financial year was to provide services which effectively reduced the incidence of child abuse and the harm it causes children, families and the community. It provided direct services to children who have suffered or were at risk of abuse and neglect and their families in the form of counselling, practical assistance, emotional support or material aid. It also conducted research, prevention and education programs aimed to raise public awareness about the problem of child abuse and family violence

The functional and presentation currency of Australian Childhood Foundation is Australian dollars.

Comparatives are consistent with prior years, unless otherwise stated.

The financial report was authorised for issue by the Directors on 3 October 2022.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non current assets, financial assets and financial liabilities.

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Simplified Disclosures and the Australian Charities and Not-for-profits Commission Act 2012. The Company is a not-for-profit entity for financial reporting purposes under Australian Accounting

2 Summary of Significant Accounting Policies

(a) Revenue and other income

Revenue recognised under AASB 15 is measured at the amount which the Company expects to receive in consideration for satisfying performance obligations to a customer. A performance obligation is the distinct good or service defined within the contract with a customer. The transaction price is allocated to one or more performance obligations contained within the contract, with revenue being recognised as or when the performance obligation is satisfied.

Where consideration comprises variable components, the amount recognised as revenue is constrained to that amount that would not result in a significant reversal of the cumulative revenue recognised when that

Timing of Revenue Recognition

Revenue is recognised either at a point in time or over time, when (or as) the Company satisfies performance obligations by transferring the promised goods or services to its customers.

If the Company satisfies a performance obligation before it receives the consideration, the Company recognises either a contract asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

All revenue is stated net of the amount of goods and services tax (GST).

Australian Childhood Foundation

ACN: 057 044 514

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

Revenue and other income (continued)

The revenue recognition policies for the principal revenue streams of the Company are:

Fundraising and donations

Donations collected including cash and goods for resale, are recognised as revenue when the Company gains

Grant revenue

Grant revenue is recognised in the statement of profit or loss and other comprehensive Income when the entity obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the entity and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

When grant revenue is received whereby the entity incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument

Education programs

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers i.e. when the performance obligation has been satisfied.

Government assistance has been received during the year under the Cash Flow Boost program and Jobkeeper payments. Payments under this program are recognised as revenue once the Company is entitiled to receive the payments. A receivable is recognised at year end for any payments that the Company is entitled to that have not been received. Payments received are included as part of 'Government assistance' in the statement of comprehensive income

Other income is recognised on an accruals basis when the Company is entitled to it.

Australian Childhood Foundation

ACN: 057 044 514

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

(a) Revenue and other income (continued)

Rendering of services

Revenue in relation to rendering of services is recognised depending on whether the outcome of the services can be estimated reliably. If the outcome can be estimated reliably then the stage of completion of the services is used to determine the appropriate level of revenue to be recognised in the period.

If the outcome cannot be reliably estimated then revenue is recognised to the extent of expenses recognised

The Company is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

(c) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO)

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is

Inventories

Inventories acquired at no cost, or for nominal consideration are valued at the current replacement cost as at the date of acquisition, which is the deemed cost,

(e) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment

Freehold land and buildings are shown at their fair value based on periodic valuations by external independent valuers, less subsequent depreciation of buildings. This is reviewed every three years. Last revaluation date was 25 May 2021 by Charter Keck Cramer.

Fair value is determined by reference to market-based evidence, which is the amount for which the assets could be exchanged between a knowledgeable willing buyer and a knowledgeable willing seller in an arm's length transaction as at the valuation date. Fair values are confirmed by Independent valuations which are obtained with sufficient regularity to ensure that the carrying amounts do not differ materially from the asset's fair values at the balance sheet date.

Australian Childhood Foundation

ACN: 057 044 514

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

(e) Property, plant and equipment (continued)

In periods when the freehold land and buildings are not subject to an Independent valuation, the directors conduct directors' valuations to ensure the carrying amount for the land and buildings is not materially different to the fair value

Increases in the carrying amount arising on revaluation of land and buildings are recognised in other comprehensive income and accumulated in the revaluation reserve in equity. Revaluation decreases that offset previous Increases of the same class of assets shall be recognised In other comprehensive income under the heading of revaluation surplus. All other decreases are charged to the statement of profit or loss and comprehensive income except where a credit balance exists in the revaluation reserve, in which case it is

As the revalued buildings are depreciated the difference between depreciation recognised in the statement of profit and loss and other comprehensive income, which is based on the revalued carrying amount of the asset. and the depredation based on the asset's original cost is transferred from the revaluation surplus to retained

Any accumulated depreciation at the date of the revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Plant and Equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount of these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal.

The depreciable amount of all fixed assets in excess of \$1,000 including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the unexpired period of the lease.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Buildings	2 - 4%
Office Furniture and Equipment	10 - 25%
Computer Software	20%
Leasehold improvements	20 - 33%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

13

Australian Childhood Foundation

ACN: 057 044 514

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

Financial instruments

Financial instruments are recognised initially on the date that the Company becomes party to the contractual

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value. depending on the classification of the financial assets.

On initial recognition, the Company classifies its financial assets into the following categories, those measured

- fair value through other comprehensive income equity instrument (FVOCI equity)

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets.

Assets measured at amortised cost are financial assets where

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding.

The Company's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment. Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss

Fair value through other comprehensive income

Equity instruments

The Company has a number of strategic investments in listed and unlisted entities over which are they do not have significant influence nor control. The Company has made an irrevocable election to classify these equity investments as fair value through other comprehensive income as they are not held for trading purposes

Australian Childhood Foundation

ACN: 057 044 514

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

Financial instruments (continued)

Financial assets (continued)

These investments are carried at fair value with changes in fair value recognised in other comprehensive income (financial asset reserve). On disposal any balance in the financial asset reserve is transferred to retained earnings and is not reclassified to profit or loss.

Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI.

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for the following assets:

- financial assets measured at amortised cost
- debt investments measured at EVOCI

When determining whether the credit risk of a financial assets has increased significant since initial recognition and when estimating ECL, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Company's historical experience and informed credit assessment and including forward looking

The Company uses the presumption that an asset which is more than 30 days past due has seen a significant

The Company uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Company in full, without recourse to the Company to actions such as realising security (if any is held); or
- the financial assets is more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the Company in accordance with the contract and the cash flows expected to be received. This is applied using a probability

Trade receivables

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Company has determined the probability of non-payment of the receivable and multiplied this by the amount of the expected loss arising from default

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Australian Childhood Foundation

ACN: 057 044 544

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

Financial instruments (continued)

Financial assets (continued)

Where the Company renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Company comprise trade payables, bank and other loans and lease liabilities.

Impairment of non-financial assets

At the end of each reporting period the Company determines whether there is an evidence of an impairment indicator for non-financial assets

Where an indicator exists and regardless for indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated

Where assets do not operate independently of other assets, the recoverable amount of the relevant cashgenerating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment

Australian Childhood Foundation

ACN: 057 044 514

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

Intangibles

Software development

Software development costs are capitalised and recorded at cost until such time the project is complete and costs can be measured reliably. Once completed it is transferred to computer software. Software has a finite life and is carried at cost less any accumulated amortisation and imparment losses. It has an estimated useful life of five years. It is assessed annually for Impairment.

Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is considered to contain a lease if it allows the Company the right to control the use of an identified asset over a

Where a contract or arrangement contains a lease, the Company recognises a right-of-use asset and a lease liability at the commencement date of the lease.

A right-of-use asset is initially measured at cost, which is the present value of future lease payments adjusted for any lease payments made at or before the commencement date, plus any make-good obligations and initial direct costs incurred. Lease assets are depreciated using the straight-line method over the shorter of their useful life and the lease term. Periodic adjustments are made for any re-measurements of the lease liabilities

Lease liabilities are initially measured at the present value of future minimum lease payments, discounted using the Company's incremental borrowing rate if the rate implicit in the lease cannot be readily determined, and are subsequently measured at amortised cost using the effective interest rate.

Minimum lease payments include fixed payments, amounts expected to be paid under a residual value guarantee, the exercise price of purchase options for which the Company is reasonably certain to exercise and incorporate the Company's expectations of lease extension options.

The lease liability is remeasured when there are changes in future lease payments arising from a change in rates, index or lease terms from exercising an extension or termination option. A corresponding adjustment is made to the carrying amount of the lease assets.

Short term leases (lease term of 12 months or less) and leases of low value assets (\$10,000 or less) are recognised as incurred as an expense in the statement comprehensive income

Australian Childhood Foundation

ACN: 057 044 544

Notes to the Financial Statements

For the Year Ended 30 June 2022

2 Summary of Significant Accounting Policies (continued)

(k) Employee benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Those Cashflows are discounted using market yields on high quality corporate bond rates incorporating bonds, with terms to maturity that match the expected timing of

Employee benefit on-costs are recognised and included in employee benefit liabilities and costs when the employee benefits to which relate are recognised as liabilities.

Contributions are made by the Company to an employee superannuation fund and are charged as expenses

Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events. for which it is probable that an outflow of economic benefits will result and that outflow can be reliably

(m) Foreign currency translation

Transactions in foreign currencies are initially recorded by applying the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. Foreign currency differences arising on retranslation are recognised in profit or loss

Foreign exchange gains and losses that relate to borrowings are presented in the statement of profit or loss and other comprehensive income, within finance costs. All other foreign exchange gains and losses are presented on a net basis within other income or other expenses.

3 Critical Accounting Estimates and Judgments

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other various factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements. Actual results may

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

Significant accounting judgements The company has entered into leases of premises, motor vehicles and office equipment as disclosed in Note 10. Management has determined that all of the risks and rewards of ownership of these premises, motor vehicles and equipment remain with the lessor and has therefore classified the leases as

Significant accounting estimates and assumptions The key estimates and assumptions that have a significant risk of causing material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting

Property The freehold land and building at Mitcham was independently valued on 25 May 2021 by Charter Keck Cramer. The valuation was based on the market value.

Provisions for employee benefits payable after 12 months from the reporting date are based on future wage and salary levels, attrition rate and periods of service. The amount of these provisions would change should any of these factors change in the next 12 months.

10 Leases

Company as a lessee

The Company has leases over a range of assets including buildings and motor vehicles.

Terms and conditions of leases

The Company leases land and buildings for their corporate offices and other buildings, the leases are generally between 1 - 6 years and some of the leases include a renewal option to allow the Company to renew for up to twice

The corporate office lease contains an annual pricing mechanism based on CPI movements at each anniversary of the

Motor Vehicles

The Company leases vehicles and equipment with lease terms varying from 2 - 5 years, the lease payments are fixed during the lease term.

Right-of-use assets

Notes to the Financial Statements

For the Year Ended 30 June 2022

10 Leases (continued)

Extension options

A number of the building leases contain extension options which allow the Company to extend the lease term by up to twice the original non-cancellable period of the lease.

The Company includes options in the leases to provide flexibility and certainty to the Company operations and reduce costs of moving premises and the extension options are at the Company's discretion.

At commencement date and each subsequent reporting date, the Company assesses where it is reasonably certain that the extension options will be exercised.

Statement of Profit or Loss and Other Comprehensive Income

The amounts recognised in the statement of profit or loss and other comprehensive income relating to leases where the Company is a lessee are shown below:

	\$	\$
Interest expense on lease liabilities	105,211	133,822
Depreciation of right-of-use assets	1,593,638	1,415,448
	1 698 849	1 549 270

Independent Auditor's Report to the Members of Australian Childhood Foundation

Report on the Audit of the Financial Report

We have audited the financial report of Australian Childhood Foundation, which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Australian Childhood Foundation, is in accordance with Division 60 of the Australian Charities and Not-for-profits Commission Act 2012,

- (i) giving a true and fair view of the entity's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards Simplified Disclosures and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

The directors are responsible for the other information. The other information comprises the information in Australian Childhood Foundation's annual report for the year ended 30 June 2022, but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information we are required to report that fact. The annual report is expected to be made available to us after the date of this independent auditor's report.

Directors' responsibility for the financial report

The directors of the Australian Childhood Foundation are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards -Simplified Disclosures and the Australian Charities and Not-for-profits Commission Act 2012 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or

In preparing the financial report, the directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for overseeing the entity's financial reporting process.

Auditor's responsibility for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at The Australian Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors responsibilities/ar4.pdf. This description forms part of our auditor's report.
